Dated: 23/10/26

No. 8910

It is Certified that the existing building **Apollo Public Sr.Sec.School** (Name of the building or premises) at **Deelwal Phase-1 Urban Estate, Patiala.** (address) is having 0 basements and 2 (Upper floor). The Building is owned / occupied by **Apollo Public Sr.Sec.School**(name of the Institution) have complied with the Building safety requirements in accordance with National Building code Rules, and verified by the officers concerned of **Provincial Division No. 1, B&R Department (PWD)** (Name of Department / Govt.) on **17.09.2026** (date of inspection) in the presence of **Jatinder Kaur** (name and addresses of the Manager/Secretary or his representative) and that the building/premises is fit for occupancy for running school with effect from **01.04.2026** for a period of One **(01)** year in accordance with rule and subject to compliance of the specific conditions as appended.

1. As per the undertaking given by the school administration, the building will not be altered in any way. This school building safety certificate is only applicable for above said branch of school.
2. After the issuance of this certificate, regular inspection will be conducted by the school administration from time to time by a senior structural engineer. If at any time any crack is noticed in the wall/roof/column etc. of the building then necessary repairs will be done without any delay with the help of structural engineer and the school administration will be bound to inform this department and if any addition is made to the building. If so, this certificate should be considered as canceled and a case should be applied for a new school safety certificate.
3. The fire safety certificate of this school is valid till **30.06.2029** this school safety certificate will remain valid till **31.03.2027** on the condition that the school administration has to renew the fire safety certificate and submit it at this office before the specified date. If the fire safety certificate is not submitted before the specified date, the certificate will be considered canceled.
4. If the route to the school building is taken, it should be ensured that proper approval is taken from the concerned department.
5. Provisions should be made properly for road to school and road crossings and necessary signs and sign boards should be placed at their level.
6. Arrangements for parking will be made by the school authority at its own level, with which the public should not face any kind of problem.
7. Safety instructions in school buses issued by the Hon'ble Supreme Court of India should be followed.
8. After the certificate is issued, if any addition is made to the building, then this certificate should be considered canceled and a new school safety certificate should be applied for by the school administration
9. If the above instructions/conditions are violated then this certificate will be considered canceled.
